

The 12th International Conference on Intelligent Systems and Knowledge Engineering

ISKE 2017

Nov. 24-26, 2017
Nanjing, Jiangsu

<http://iske2017.njupt.edu.cn>

Call for Papers

Honorary Chairs

Lotfi A. Zadeh, USA
Ronald R. Yager, USA

Steering Committee Chair

Etienne Kerre, Belgium

General Chairs

Guoqing Chen, China
Jie Lu, Australia
Tao Li, China

Program Chairs

Tianrui Li, China
Luis Martínez López, Spain
Yun Li, China

Organizing Chairs

Qianmu Li, China
Jia Xu, China
Ningning Zhou, China

Publications Chair

Tianrui Li, China
Qifeng Zhou, China

Special Session Chairs

Guangquan Zhang, Australia
Huazhen Wang, China
Wenxing Zhu, China

Publicity Chairs

Farookh Hussain, Australia
Jun Shen, Australia
Fan Yang, China
Quan Zou, China
Shuwei Chen, China
Ningsheng Gong, China

Important Dates

Special Session Proposal:

May 15, 2017

Paper Submission Deadline:

July 7, 2017

Notification Acceptance:

Sep 1, 2017

Camera-ready Paper and

Registration:

Sep 25, 2017

Information and Enquiry

iske2017@126.com

The 2017 International Conference on Intelligent Systems and Knowledge Engineering (ISKE 2017) is the 12th in a series of ISKE conferences. ISKE 2017 follows the successful ISKE 2006 in Shanghai (China), ISKE 2007 in Chengdu (China), ISKE 2008 in Xiamen (China), ISKE 2009 in Hasselt (Belgium), ISKE 2010 in Hangzhou (China), ISKE 2011 in Shanghai (China), ISKE 2012 in Beijing (China), ISKE 2013 in Shenzhen (China), ISKE 2014 in Joao Pessoa, (Brazil), ISKE 2015 in Taipei, Taiwan (China), ISKE2016 in Roubaix (France). ISKE 2017 will take place in Nanjing (China). ISKE 2017 emphasizes current practice, experience and promising new ideas in the broad area of intelligent systems and knowledge engineering. ISKE 2017 accepts submissions that have not been published or submitted in any form elsewhere. Besides technical/research papers, submissions reporting on industrial case studies are also welcome.

The topics include, but not limited to:

Foundations of Intelligent Systems:

Artificial Intelligence Theories; Intelligent System Models; Logic, Reasoning & Problem Solving; Multi-Agent Systems; Soft Computing and Fuzzy Systems; Case-Based Reasoning, Neural Networks; Probabilistic Reasoning; Search, Optimization and Planning; Genetic and Swarm Computing; Pattern Recognition; Speech Recognition; Computer Vision; Machine Learning; Biological Inspired Computing; Game Theory; Computational Intelligence (Distributed computing, cloud computing, and pervasive computing); Image/Video Processing, Computer Vision and Brain-Computer Interface, Cognitive Systems and Information processing, and Computational Neuroscience;

Knowledge Engineering and Management:

Knowledge Representation and Modeling; Knowledge Maintenance; Knowledge Elicitation; Knowledge-Based Systems; Expert Systems or Decision Support Systems; Content Management and Knowledge Management Systems; Workflow Management Systems; Business Process Reengineering; Ontology Engineering (Modeling, Mapping, Integration); Data Mining and Knowledge Discovery; Natural Language Processing; Text Mining, Classification and Summarization; Textual Entailment; Question Answering Systems; Document Preparation and Text Processing; Language Translation and Linguistics; Information Storage, Annotation and Retrieval; Unstructured and Semi-Structured Data Retrieval; Data Simulation, Modeling, and Visualization; Information and Knowledge Integration (Semantic Web; SOA, XML and Business Process Integration);

Practical Applications and Systems:

Social Computing, Service Computing and Mobile Computing; Intelligent Game; Intelligent Multimedia; User Interfaces and Human Computer Interaction; Intelligent Engineering Systems; Business Intelligence; Knowledge Engineering in E-commerce, in Art and in Education; Intelligent Bioinformatics Systems; Intelligent Healthcare Systems; E-learning and Intelligent Tutoring Systems; Intelligent Systems in Engineering and Science (Transportation, Product Design, Physics, Chemistry, ..., etc.); Knowledge-based Software Engineering; Adaptive and Intelligent Control Systems, Perceptron and Navigation; Intelligent issues in GIS, Networks or in Internet of Things; Social Issues of Knowledge Engineering;

Keynote Speakers

Prof. Janusz Kacprzyk
Ph.D.,
D.Sc.,
IEEE Fellow

Intelligent Systems
Laboratory, Systems Research
Institute, Polish Academy of
Sciences, Warsaw, Poland

Prof. Hao Ying
Ph.D.,
IEEE Fellow

Department of Electrical
and Computer Engineering,
Wayne State University

Paper Submission

Papers reporting original research results and experience are solicited. Each paper should have no more than **8** pages, including references and Illustrations, written in IEEE conference proceedings format (See the templates available at: [Paper Templates](https://easychair.org/conferences/?conf=iske2017)). **Papers must be written in English and submitted electronically as a PDF/Word file at <https://easychair.org/conferences/?conf=iske2017>**. Submission of a paper should be regarded as an undertaking that, if the paper is accepted, at least one of the authors must attend the conference to present the paper. Special issue of SCI-Index journal will be available in the webpage.

Organized by : Nanjing University of Posts & Telecommunications, Nanjing

Co-Sponsored by : Southwest Jiaotong University, China; University of Technology, Sydney; Nanjing Tech University, China; Xiamen University, China.

Note: The detail information may be subject to change, please find the latest information via <http://iske2017.njupt.edu.cn/>
